

KDE Interagency Dual Credit Taskforce

DEFINITIONS:

Dual Credit - refers to secondary students taking college-level course work and securing transcribed credit for that course work at both secondary and postsecondary levels simultaneously.

Means of delivery for dual credit may include:

- Live or virtual delivery
- College faculty teaching dual credit course work on a college campus
- College faculty teaching dual credit course work on a high school campus
- High school faculty teaching dual credit course work on a high school campus

Dual Enrollment - refers to secondary students taking college-level course work and securing transcribed credit for that course work only at the postsecondary level.
